Title : Strategy for Empowering Village Community Economy Through Productive Waqf Based on Local Wisdom (Case Study of Dayah Mesjid Village)

This study aims to Economic empowerment is one of the efforts to enable and make the economic life of the community independent. The community plays an important role in building social welfare. This research was conducted in Gampong Dayah Mesjid, Kuta Blang District, Bireuen Regency, Aceh Province, Indonesia. Based on the results of the interview, the community's economy has not been able to solve the problems that occur. Therefore, it is necessary to carry out an economic empowerment strategy for the community in Gampong Dayah Mesjid through productive waqf. Based on the results of the study in the process of empowering the community's economy through productive waqf, it is necessary to contribute and rearrange the current strategy.
