Nama : Rita Anggini
Program Studi : Ekonomi Syariah
Judul : Peran Buruh Tani Perempuan Dalam Meningkatkan
Ekonomi Keluarga Berdasarkan Prinsip Masalah (Studi
Kasus Desa Dayah Mesjid, Kecamatan Kuta Blang,
Kabupaten Bireuen)

Penelitian ini bertujuan mengetahui peran buruh tani perempuan dalam meningkatkan ekonomi keluarga di Desa Dayah Mesjid, Kecamatan Kuta Blang, Kabupaten Bireuen serta menganalisisnya menurut prinsip masalah dalam perspektif ekonomi Islam. Penelitian ini memakai pendekatan kualitatif dengan jenis penelitian lapangan (field research). Teknik pengumpulan data dilakukan melalui observasi, wawancara, dan dokumentasi. Hasil penelitian menerangkan bahwasanya wanita buruh tani mempunyai peran penting dalam membantu meningkatkan ekonomi keluarga melalui kontribusi pendapatan yang dipergunakan untuk memenuhi kebutuhan sehari-hari, biaya pendidikan anak, kesehatan, serta kebutuhan rumah tangga lainnya. Ditinjau menurut prinsip masalah, aktivitas wanita sebagai buruh tani mencerminkan upaya mewujudkan kemaslahatan dalam keluarga. Hal itu terlihat dari terpenuhinya aspek hifz al-din melalui kebisaan keluarga dalam menjalankan kebutuhan ibadah dan kehidupan yang lebih layak, hifz al-nasl melalui pemenuhan kebutuhan pendidikan dan kesejahteraan anak, serta hifz al-mal melalui adanya tambahan pendapatan halal yang membantu menjaga kestabilan ekonomi keluarga.

ABSTRACT

Name : Rita Anggini
Study Program : Islamic Economics
Title : The Role of Female Farm Laborers in Improving Family Economy Based on the Principle of Maslahah (Case Study in Dayah Mesjid Village, Kuta Blang District, Bireuen Regency)

This study aims to determine the role of female farm laborers in improving the family economy in Dayah Mesjid Village, Kuta Blang District, Bireuen Regency, and to analyze it based on the principle of maslahah from the perspective of Islamic economics. This study uses a qualitative approach with field research as the type of research. Data collection techniques were carried out through observation, interviews, and documentation. The results of the study indicate that female farm laborers have an important role in helping to improve the family economy through income contributions used to fulfill daily needs, childrens education expenses, health costs, and other household needs. Viewed from the principle of maslahah, the activities of women as farm laborers reflect efforts to realize welfare and benefit within the family. This can be seen from the fulfillment of aspects of hifz al-din through the familys ability to carry out religious obligations and maintain a better standard of living, hifz al-nasl through fulfilling childrens educational needs and welfare, and hifz al-mal through additional halal income that helps maintain family economic stability.
