Judul : Pengaruh Pengelolaan Dana Infak Terhadap Kesejahteraan Masyarakat
Pada Program Pendamping Orang Sakit (Studi Kasus Baitul Mal Kota
Lhokseumawe)

Penelitian ini bertujuan untuk menganalisis pengelolaan dan pendistribusian dana infak pada Program Pendampingan Orang Sakit di Baitul Mal Kota Lhokseumawe serta mengkaji dampaknya terhadap kesejahteraan masyarakat. Penelitian ini menggunakan metode kualitatif dengan pendekatan studi kasus. Data diperoleh melalui observasi, wawancara, dan dokumentasi terhadap 10 informan yang dipilih menggunakan teknik purposive sampling. Analisis data dilakukan melalui tahapan reduksi data, penyajian data, dan penarikan kesimpulan untuk memperoleh gambaran yang komprehensif mengenai pelaksanaan program. Hasil penelitian menunjukkan bahwa pengelolaan dana infak telah dilaksanakan secara terencana, transparan, dan tepat sasaran melalui proses penghimpunan, verifikasi, pendistribusian, dan pengawasan. Program ini memberikan manfaat nyata dengan membantu meringankan beban biaya nonmedis, seperti transportasi, akomodasi, dan kebutuhan pendamping selama proses pengobatan. Dengan demikian, pengelolaan dana infak melalui Program Pendampingan Orang Sakit berkontribusi dalam meningkatkan kesejahteraan masyarakat, khususnya bagi keluarga kurang mampu yang menghadapi permasalahan kesehatan..

Kata Kunci: Pengelolaan Dana Infak, Kesejahteraan Masyarakat, Program Pendampingan Orang Sakit, Baitul Mal Kota Lhokseumawe.

Title : The Effect of Infak Fund Management on Community Welfare in the Patient Assistance Program: A Case Study of Baitul Mal of Lhokseumawe City*

This study aims to analyze the management and distribution of infak funds in the Patient Assistance Program at Baitul Mal of Lhokseumawe City and to examine their impact on community welfare. This study employed a qualitative method with a case study approach. Data were collected through observation, interviews, and documentation involving 10 informants selected using a purposive sampling technique. Data were analyzed through the stages of data reduction, data display, and conclusion drawing to obtain a comprehensive understanding of the program implementation. The findings indicate that the management of infak funds has been carried out in a planned, transparent, and well-targeted manner through the processes of fund collection, verification, distribution, and monitoring. The program provides tangible benefits by helping to reduce non-medical expenses, such as transportation, accommodation, and the needs of patient companions during the treatment process. Therefore, the management of infak funds through the Patient Assistance Program contributes to improving community welfare, particularly for low-income families facing health-related challenges.
