

## **ABSTRAK**

**SILVIA ANASTASYA:** Kesantunan Berbahasa dalam *Talkshow* “Talkpod”.  
**Program Studi Pendidikan Bahasa Indonesia FKIP Universitas Malikussaleh,**  
**2024.**

Penelitian ini bertujuan untuk mendeskripsikan; (1) bentuk pematuhan prinsip kesantunan berbahasa pada *talkshow* “Talkpod”, (2) bentuk pelanggaran prinsip kesantunan berbahasa pada *talkshow* “Talkpod”. Penelitian ini mengambil data berupa tuturan dari para *host* dan bintang tamu yang mengandung bentuk pematuhan dan pelanggaran kesantunan berbahasa dalam acara “Talkpod”. Teknik pengumpulan data penelitian ini menggunakan teknik simak, catat, dan dokumentasi. Teknik analisis data penelitian ini menggunakan teknik yang diungkapkan oleh Sugiyono (2018) berupa tahap reduksi data, penyajian data, dan verifikasi.

Hasil penelitian ini ditemukan bentuk pematuhan dan pelanggaran kesantunan berbahasa dalam *talkshow* “Talkpod”. Pematuhan kesantunan berbahasa dalam talkshow tersebut ditemukan 21 data yang terdiri dari 5 data pematuhan maksim kebijaksanaan, 1 data pematuhan maksim kedermawanan, 6 data pematuhan maksim puji, 3 data pematuhan maksim kerendahan hati, 3 data pematuhan maksim kesepakatan, dan 3 data pematuhan maksim kesimpatian sedangkan pelanggaran kesantunan berbahasa ditemukan 17 data yang terdiri dari 1 data pelanggaran maksim kebijaksanaan, 1 data pelanggaran maksim kedermawanan, 5 data pelanggaran maksim puji, 3 data pelanggaran maksim kerendahan hati, 4 data pelanggaran maksim kesepakatan, dan 3 data pelanggaran maksim kesimpatian.

**Kata Kunci:** kesantunan berbahasa, *talkshow*, Talkpod

## ABSTRACT

**SILVIA ANASTASYA:** Politeness in Language in the *Talkshow "Talkpod"*.  
**Indonesian Language Education Study Program FKIP Malikussaleh University, 2024.**

This research aims to describe; (1) forms of compliance with the principles of language politeness on the "Talkpod" *talkshow*, (2) forms of violation of the principles of language politeness on the "Talkpod" *talkshow*. This research takes data in the form of speech from *hosts* and guest stars which contain forms of compliance and violations of language politeness in the "Talkpod" program. This research data collection technique uses listening, note-taking and documentation techniques. The data analysis technique for this research uses techniques expressed by Sugiyono (2018) in the form of data reduction, data presentation and verification stages.

The results of this research found forms of compliance and violations of language politeness in the "Talkpod" *talkshow*. There were 21 data on language politeness compliance in the *talkshow*, consisting of 5 data on compliance with the maxim of wisdom, 1 data on compliance with the maxim of generosity, 6 data on compliance with the maxim of praise, 3 data on compliance with the maxim of humility, 3 data on compliance with the maxim of agreement, and 3 data on compliance with the maxim of sympathy. There were 17 data on violations of language politeness, consisting of 1 data on violations of the maxim of wisdom, 1 data on violations of the maxim of generosity, 5 data on violations of the maxim of praise, 3 data on violations of the maxim of humility, 4 data on violations of the maxim of agreement, and 3 data on violations of the maxim of sympathy.

Keywords: language politeness, *talkshows*, Talkpod
