

ABSTRAK

OULA AFRITA: Tindak Tutur Ilokusi Ekspresif pada Serial Animasi *Riko The Series Season 4*. **Progam Studi Pendidikan Bahasa Indonesia FKIP Universitas Malikussaleh, 2024.**

Tujuan penelitian ini adalah untuk memberikan penjelasan tentang tindak tutur ekspresif yang ditemukan di dalam serial animasi *Riko The Series Season 4*. Penelitian ini dilakukan melalui pendekatan kualitatif dan berjenis penelitian deskriptif. Metode simak dan catat digunakan untuk mengumpulkan data penelitian ini. Data dalam studi ini berupa ujaran atau percakapan antar tokoh yang mengandung tuturan ilokusi ekspresif pada serial animasi *Riko The Series Season 4*. Sumber data penelitian ini adalah serial animasi *Riko The Series Season 4*, yang terdiri dari lima episode dan dapat diakses di YouTube, yaitu episode *Serangan Jahat*, *Satria Lintas Waktu*, *Jangan Main Curang*, *Q110 Diculik*, dan *Hadiah Misterius*. Hasilnya menunjukkan bahwa ada 28 data tindak tutur ekspresif yang diidentifikasi dalam serial animasi *Riko The Series Season 4*. Tuturan ekspresif dapat dibagi menjadi enam jenis ucapan, yaitu: (1) ucapan terima kasih sebanyak enam data; (2) ucapan selamat sebanyak dua data; (3) ucapan meminta maaf sebanyak tujuh data; (4) ucapan menyalahkan sebanyak empat data; (5) ucapan memuji sebanyak delapan data; dan (6) ucapan belasungkawa sebanyak satu data. Menurut informasi di atas, peneliti menemukan bahwa terdapat tindak tutur ekspresif yang tidak sesuai dengan konteks karena terdapat perasaan yang disembunyikan oleh penutur ketika berbicara dengan lawan bicaranya, yaitu tindak tutur meminta maaf.

Kata kunci : *tindak tutur ekspresif, serial animasi Riko The Series*

ABSTRACT

OULA AFRITA: *Expressive Illocutive Speech in the Riko Animated Series The Series Season 4. Indonesian Language Education Study Program, FKIP Malikussaleh University, 2024.*

The purpose of this study is to provide an explanation of the expressive speech act found in the Riko The Series Season 4 animated series. This study was conducted through a qualitative approach and a type of descriptive research. The listen and record method is used to collect this research data. The data in this study is in the form of speech or conversation between characters containing expressive ilocussion speech in the animated series Riko The Series Season 4. The source of this research data is the animated series Riko The Series Season 4, which consists of five episodes and can be accessed on YouTube, namely the Evil Attack episode, Cross-Time Satria, Don't Play Cheats, Q110 Kidnapped, and Mysterious Gifts. The result shows that there are 28 expressive speech action data identified in the animation series Riko The Series Season 4. Expressive utterance can be divided into six types of speech, namely: (1) thanks as much as six data; (2) congratulations as much as two data; (3) apologize as much as seven data; (4) blaming speech as much as four data; (5) praise speech as much as eight data; and (6) condolence as much as one data. According to the information above, the researcher found that there was an expressive speech that did not match the context because there was a feeling hidden by the speaker when talking to the interlocutor, namely an apology.
